Amazon com Brain Jack 9780375843679 Brian Falkner Books

Brain Jack is a great book and I plan on reading more books by the author, Brian Falkner. I've read this book from several places I've lived in the past and finally decided to purchase the book. I give the book 5 stars on the basis that I can relate to the storyline very well, the characters are neat and always have a few witty remarks, and it is just a nice book altogether.

Brain Jack by Brian Falkner Goodreads

I enjoyed reading Brain Jack by Brian Falkner, because I related to the book as I also like computers and technology. I also enjoy reading books like this one where the author switches between each character to narrate or follow what they are doing. After reading this one book by him, I plan on reading many more of his books.

BRAIN JACK by Brian Falkner Kirkus Reviews

A cyber-thriller that reads like a video game. Sam Wilson isn't out of high school yet, but he's on his way to becoming the most wanted hacker in the world--first for crashing the international computer grid (well, he didn't mean to), then for subverting the White House security system (OK, that was on purpose).
